**Dear colleagues,**

Today an email requesting negotiations on important issues was sent, you will find it below:

*Hello,*

*Following numerous feedbacks from cabin crew, we have reported many issues affecting the lives of employees.*

*Inflation, the increase in the price of petrol etc. have had a strong impact on Volotea employees who were already living precariously before, so we are asking for a negotiation meeting as soon as possible on these subjects:*

*- Increase of the cabin crew salary. (base salary, PU and INS bonus, standby, goodwill, bonus per day of duty, per diem, meal and uniform bonus etc...)*

*But also :*

*- Finalization of the agreement on the notice period*

*- And the organization of a negotiation calendar in order to set up a collective agreement for cabin crew covering at least the following topics: career, remuneration, working conditions, holidays, part-time, transfer and temporary assignment, trade union freedom, reclassification on the ground of cabin crew, termination of the employment contract.*

The lists are, of course, not exhaustive and will be developed during the negotiations.

We will keep you informed of any progress and let's stay more united than ever.
